- The team Won toss and choosed for field is 61.24%
- The team won toss and choosed for batting is 38.76%
- The teams are winning the toss and choosed for fielding are mostly.

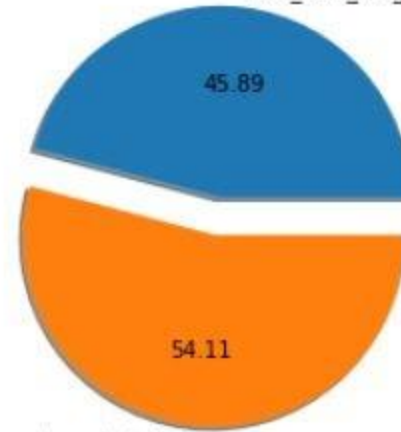

Match won by Winning the toss elected to field or Bat

winning_field_toss_percentage

losing_field_toss_percentage

won_toss_bat_win

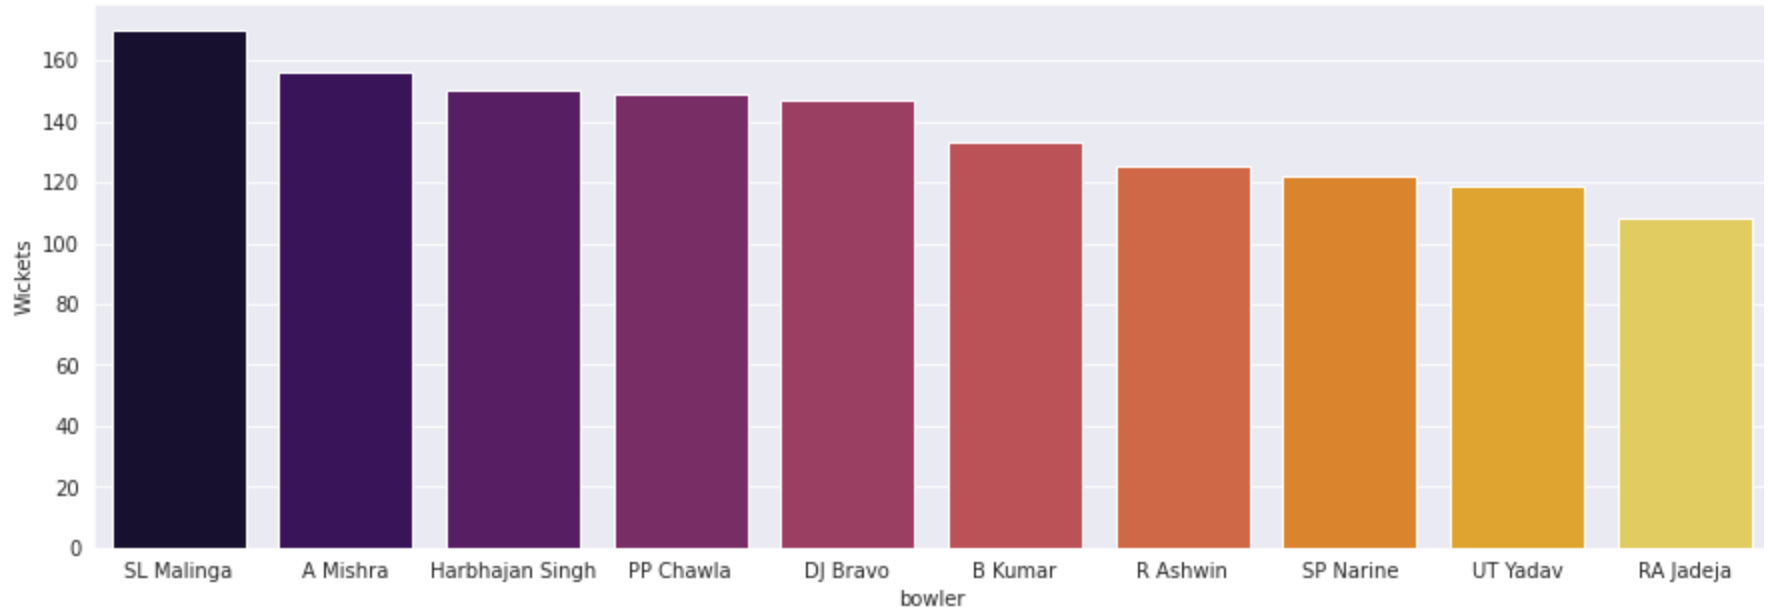

won_toss_bat_lost

Observation:

- 756 matches had been played between 2008 – 2019.
- We have observed that when team won the toss and opt for field they have 56.30% winning percentage.
- When team had won the toss and elected to bat first have won the matches by 45.89%.

Best Wicket Takers In IPL(2008-2020)

Best Bowler

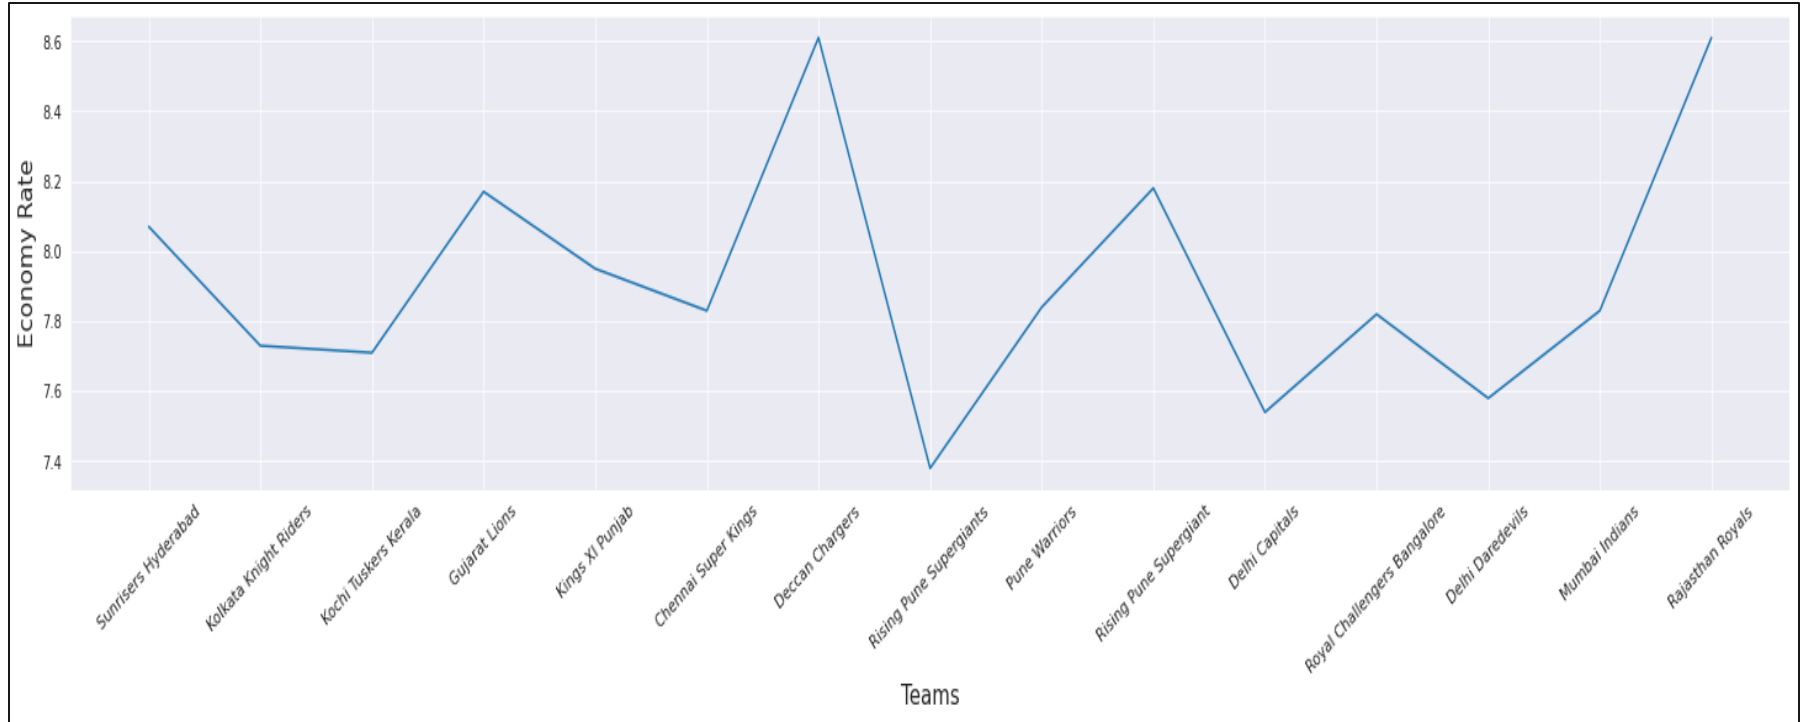

LASITH MALINGA

Name	Lasith Malinga
Age	37
Nationality	Sri-Lanka
IPL Team	Mumbai Indians
Total Wickets	170

- Lasith Malinga has taken 170 wicket in his IPL career which makes him best wicket tacking bowler in IPL.
- Malinga is followed by Indian bowler Amit Mishra with 155 total wickets.
- Harbhajan Singh has took 150 wickets in IPL, Also he is close competitor to Amit Mishra.

Economy Rate of Each Team

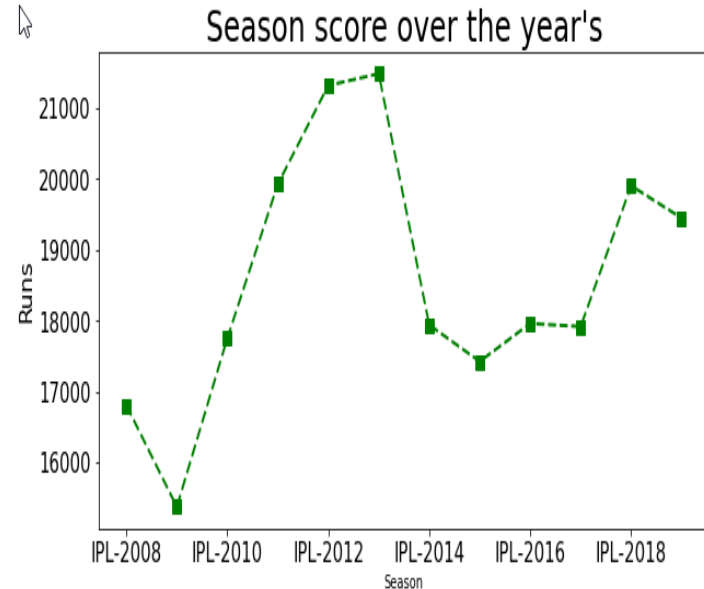

- T-20 Cricket is often considered as Batsman's Game, but these two teams have changed the Entire Picture.
- Rising Pune Supergiants have the best bowling attack although they have maintained lowest Economy rate in IPL.
- Rising Pune Supergiants is followed by Delhi Capitals with Economy Rate of 7.53.
- By Comparing the graph, we can conclude that Rajasthan Royals and Deccan Chargers have weakest bowling attack.

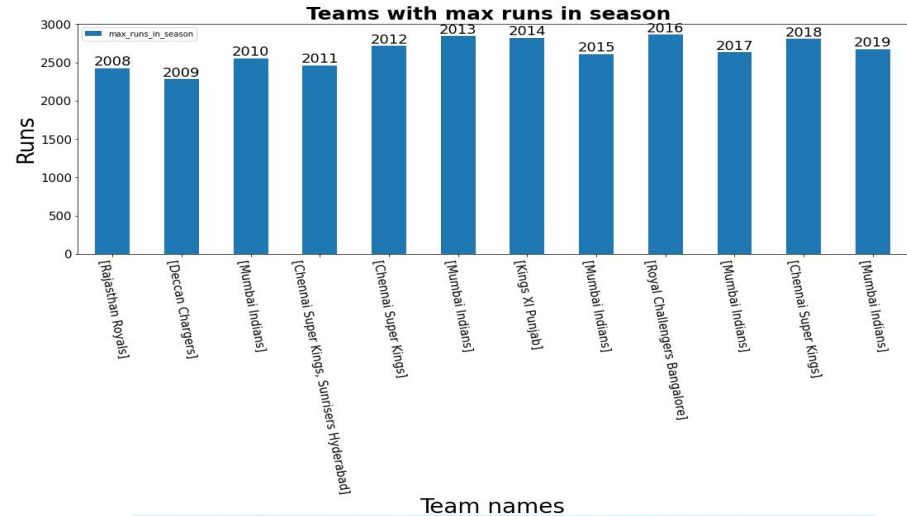

Is scoring runs in seasons is easy over the years?

- It is been observe that there has been drastic fall in runs between IPL season 2013 & 2014.
- The reason for these is in IPL season **2013** total no. of matches played were '**76**' while in season **IPL-2014** total no. of matches played were '**60**'.
- Reason for reduction in no. of matches played is in IPL-2014 **one teams was dropped** and only **8 teams** were playing as compared to previous season which had **9 teams**.
- Team withdrawn was '**Pune Warriors India**'

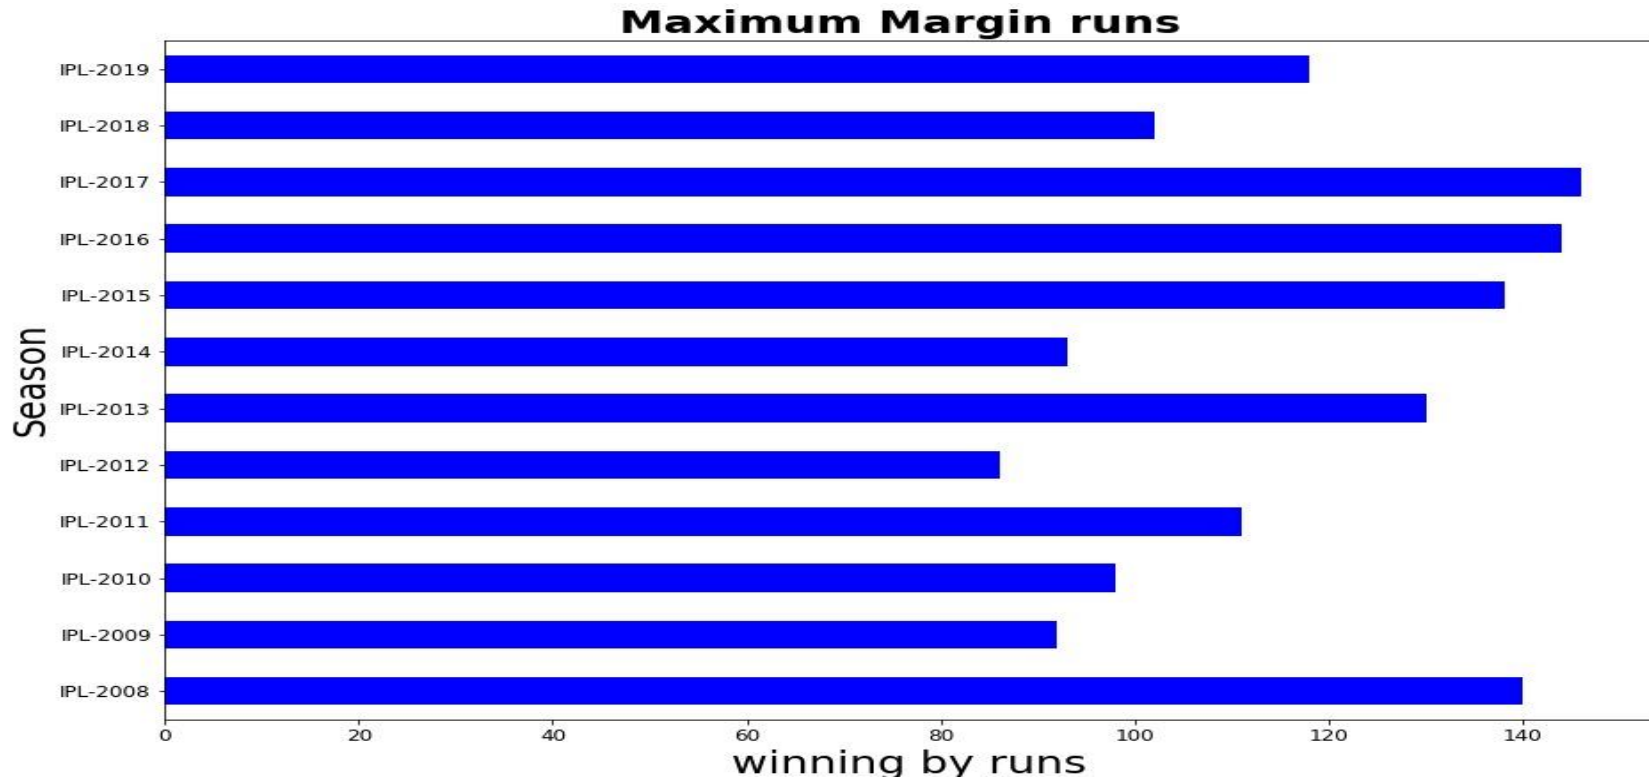

Highest score by teams in each season

- The highest total runs scored by the team from IPL 2008 - 2019.
- We can also see that the team repeating, which has score max run in each season.
- '**Mumbai Indian**' is a team who have score '**5-times**' max runs in all seasons.

Winning Margin in terms of runs

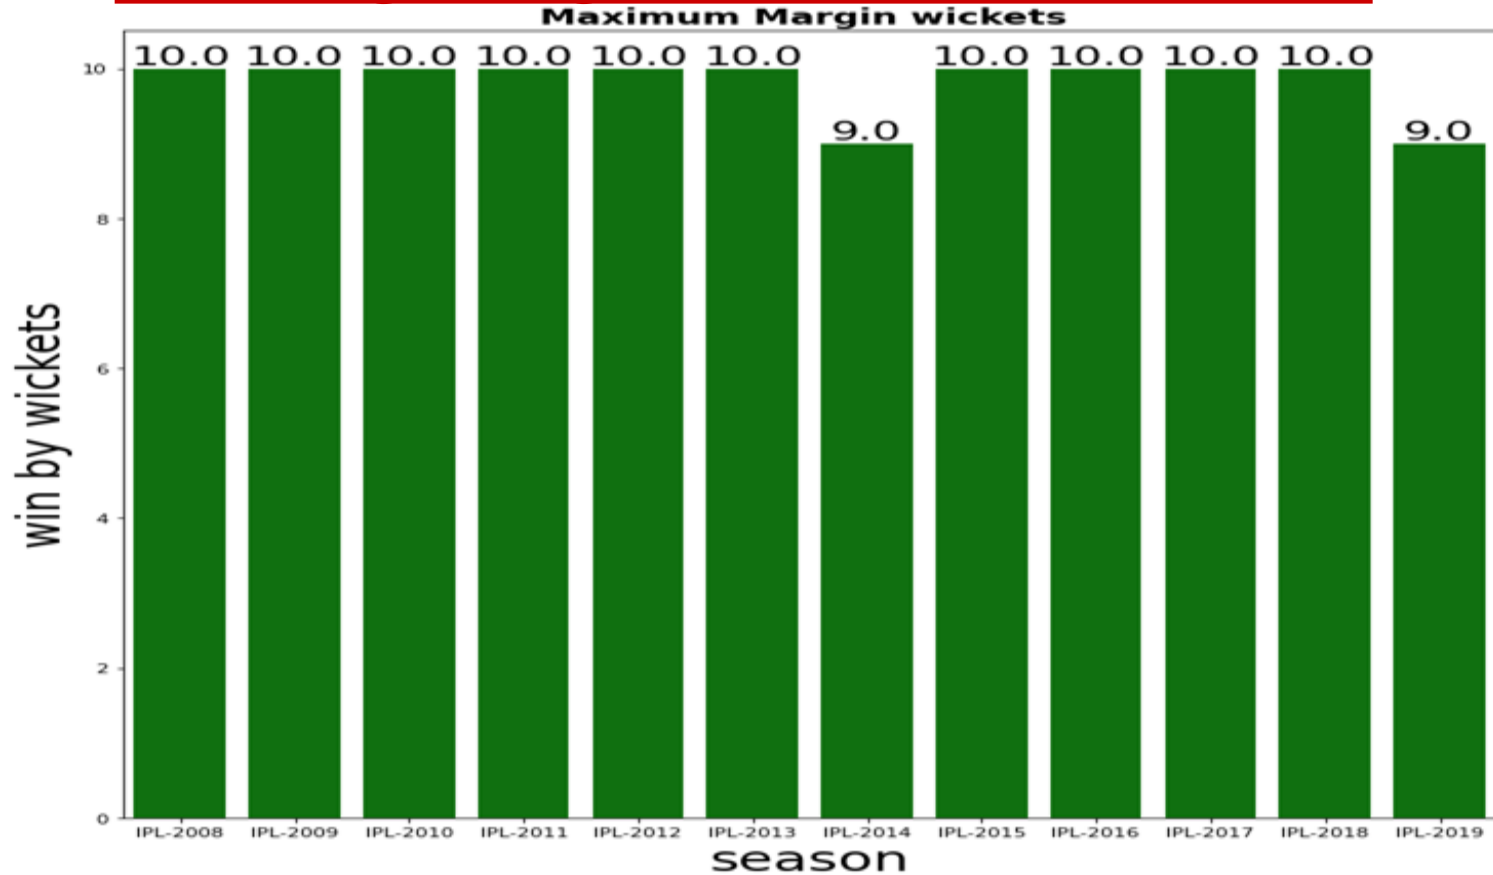

Observation

- We observed that in each season of IPL, winning margin in terms of runs vary.
- We observed that 146 is the highest winning and 86 is lowest winning margin as compared to other seasons.
- We also observed that Mean value of this winning margin runs is 116.5.
- From this analysis we can conclude that in upcoming seasons highest margin win in terms of runs will be in the range between 86-146 runs.

Winning margin in terms of wickets

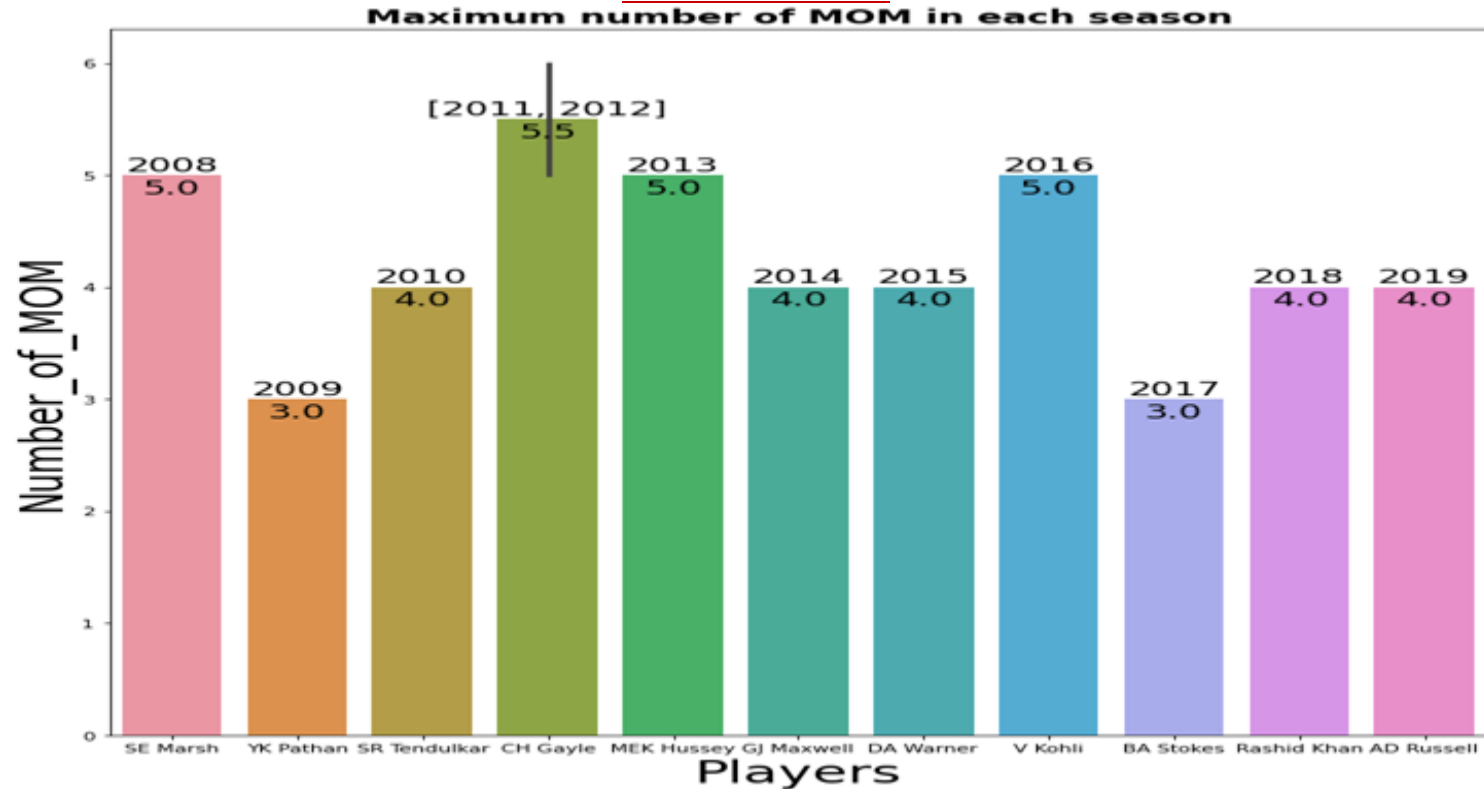

Observation

- we observed that in each season of IPL, Highest winning margin in terms of wickets is almost equals to 10.
- We observed that maximum winning margin in terms of wickets is 10 for almost all the seasons.
- We also observed that mean value of this margin wickets is 9.83 almost equal to 10.
- From this analysis we can conclude that in upcoming seasons highest margin win in terms of wickets will be in the range between 9-10 wickets.

Maximum number of Man of the Match in each Season

Observation

- We observed that in each season of IPL, Max number of Man of the match won by a single player at the end of the each season varies.
- In IPL-2011 and IPL-2012 CH Gayle has won maximum number of Man of Match award as compared to other players.
- From this analysis we can conclude that a single player had won maximum 6 man of the match award.
- We also observed that mean value of this MOM is 4.3.

Conclusion

- Maximum times when team won the toss, they opt for field first.
- Team who won the toss and opted for batting have lost a greater number of matches.
- Scoring runs in IPL after season IPL-2013 is been difficult.
- Mumbai Indian is a team who has scored the maximum time highest runs in all seasons.
- Lasith Malinga is best bowler in IPL.
- Rising Pune Supergiants had the best bowling attack.
- Chris Gayle has won maximum number of man of the match i.e 6 times in IPL 2011.
- Highest winning margin in terms of runs is 146 runs and in terms of wickets its 10.

Thank you
